MISSION & GOALS

- 1) To impart quality education to the poor, downtrodden masses and to the last man of the Society.
- 2) To provide facilities for the acquisition of knowledge and information and advancement of culture.
- 3) To undertake and make available facilities for research in Science.
- 4) To carry on experiments with a view to improve methods of teaching.
- 5) To ensure and inculcate perfect discipline in terms of regularity, Sincerity and punctuality amongst the students so that they contribute to the society and nation as a whole as most responsible and respectable citizens.
- 6) To encourage at over all physical and cultural development of students fraternity through various extra curricular activities.
- 7) To encourage women education by admitting them to various subject and faculties.
- 8) To help, assist any institution by advice, guidance and supervision.
- 9) To organize exhibitions and cultural weeks etc, to inculcate and acquaint students with cultural heritage.
- 10) To provide a platform to the students by giving them an opportunity to face all the challenges of the competitive worlds, with utmost utilization of their potential in sports, athletic, cultural and other events.
- 11) To organize and run tournaments, competitions, cultural festival etc.
- 12) To undertake publicity and propaganda of the ideal thoughts and teachings of our historic personalities by all possible means, such as lectures, debates and demonstration.
- 13) To hold, organize, arrange seminars, conferences, kavi sammelan. (Poetic meet).

PREFACE

Shri Shivaji College of Arts, Commerce and Science, Akola was established in 1963. The College is governed by prestigious "Shri Shivaji Education Society" Amravati founded by Late Honorable Shri Bhausaheb Punjabrao Deshmukh. In beginning only Arts and Commerce faculties were started & College was a small unit. Later on Science faculty was started in 1967 and from then the institution never looked back but always marched ahead.

Until 1994 College was involved in undergraduate teaching only. In 1994-95 the than Principal Daddy Deshmukh started P.G. courses in various subjects like Chemistry, Biochemistry, Microbiology, Botany, Zoology and Physics. The history of research activities in the college started since 1995 when the laboratories of above mentioned departments were recognized by SGB Amravati University, Amravati for Research and Ph.D. work. Uptil now 49 college students have been awarded with Ph.D degree of SGB Amravati University since 2000. Almost all senior college staff members have undertaken Minor research projects which goes to about 135 in number while 14 Major research Projects have been undertaken by staff members sanctioned by UGC and other funding agencies.

The year 2012-13 was celebrated as Golden Jubilee Year of the College. While various academic, cultural and social activities were organized, at the same time various Researches related achievements have been done by the college. In this year 218 Research papers have been published in Peer reviewed National and International Journals by the Senior College staff members while they have attended 251 National and International Conferences. 15 students got fellowship/Project fellowship for financial support to pursue their research.

As far as facilities are concerned all possible help and encouragement is extended to those who are aspiring for research activities. As a result our college strikes superb balance between teachings; learning and research commitments. We are marching towards heights of Excellence in process of imbibing Education among virulent minds. We have skillfully formulated long-term as well as short term plans for academic, curricular, co-curricular, and extracurricular and extension activities in accordance with the tents of holistic development of students.
