Sub: Request to visit National Winner Robotics Model and its Team with Guides.

Respected Madam,

As a part of B.Sc.Part III (Sem-VI), Industrial Visit is compulsory for the students and as your Robotics Team has bagged first rank at the National Level, it will be a nice opportunity for the students to be acquainted with the latest Robotics Technology through your Team's Model.

Hereby we request you to please allow the students to visit the same.

Thanking you,

Yours faithfully,

Visit to National Winner Robotics Model and its Team with Guides

On 3rd March 2020 as a part of curriculum of B.Sc. III S-VI Electronics, under Industrial Visit the final year students were taken to Manutai Kanya School where the work on National Level Winner Robotics Model is going on to participate in International Level Robotics Championship in USA in Apr 2020. The project was done by the 10 school going girls under the able Guidance of Ms. Kajal Rajvaidya, Director KITS, Mr. Arjun and Mr. Vijay Bhattad.

The final year students have seen the project (Live Model) and had healthy discussion with the Team and their Guides. On the occasion Ms. Kajal Rajvaidya and Mr. Vijay Bhattad guided the students about the future trend and the scope for Electronics.

It was really a nice experience for all the students that they came to know many things about the ROBOTICS about which they were really unknown.

Hyderabad Tour Report (3rd- 5th March 2020)

In academics terms, a [tour report](#) basically means that there was an activity outside. Our institute organized an educational tour to Hyderabad. It was a wonderful visit. We visited three places which are well known in Hyderabad. We had our first visit to Salar Jung Museum. The Salar Jung Museum was established in 1951. The major portion of the collection of the museum was acquired by Mir Yousuf Ali Khan, popularly known as Salar Jung III. The Salar Jung Museum is the third largest museum in India housing the biggest one-man collections of

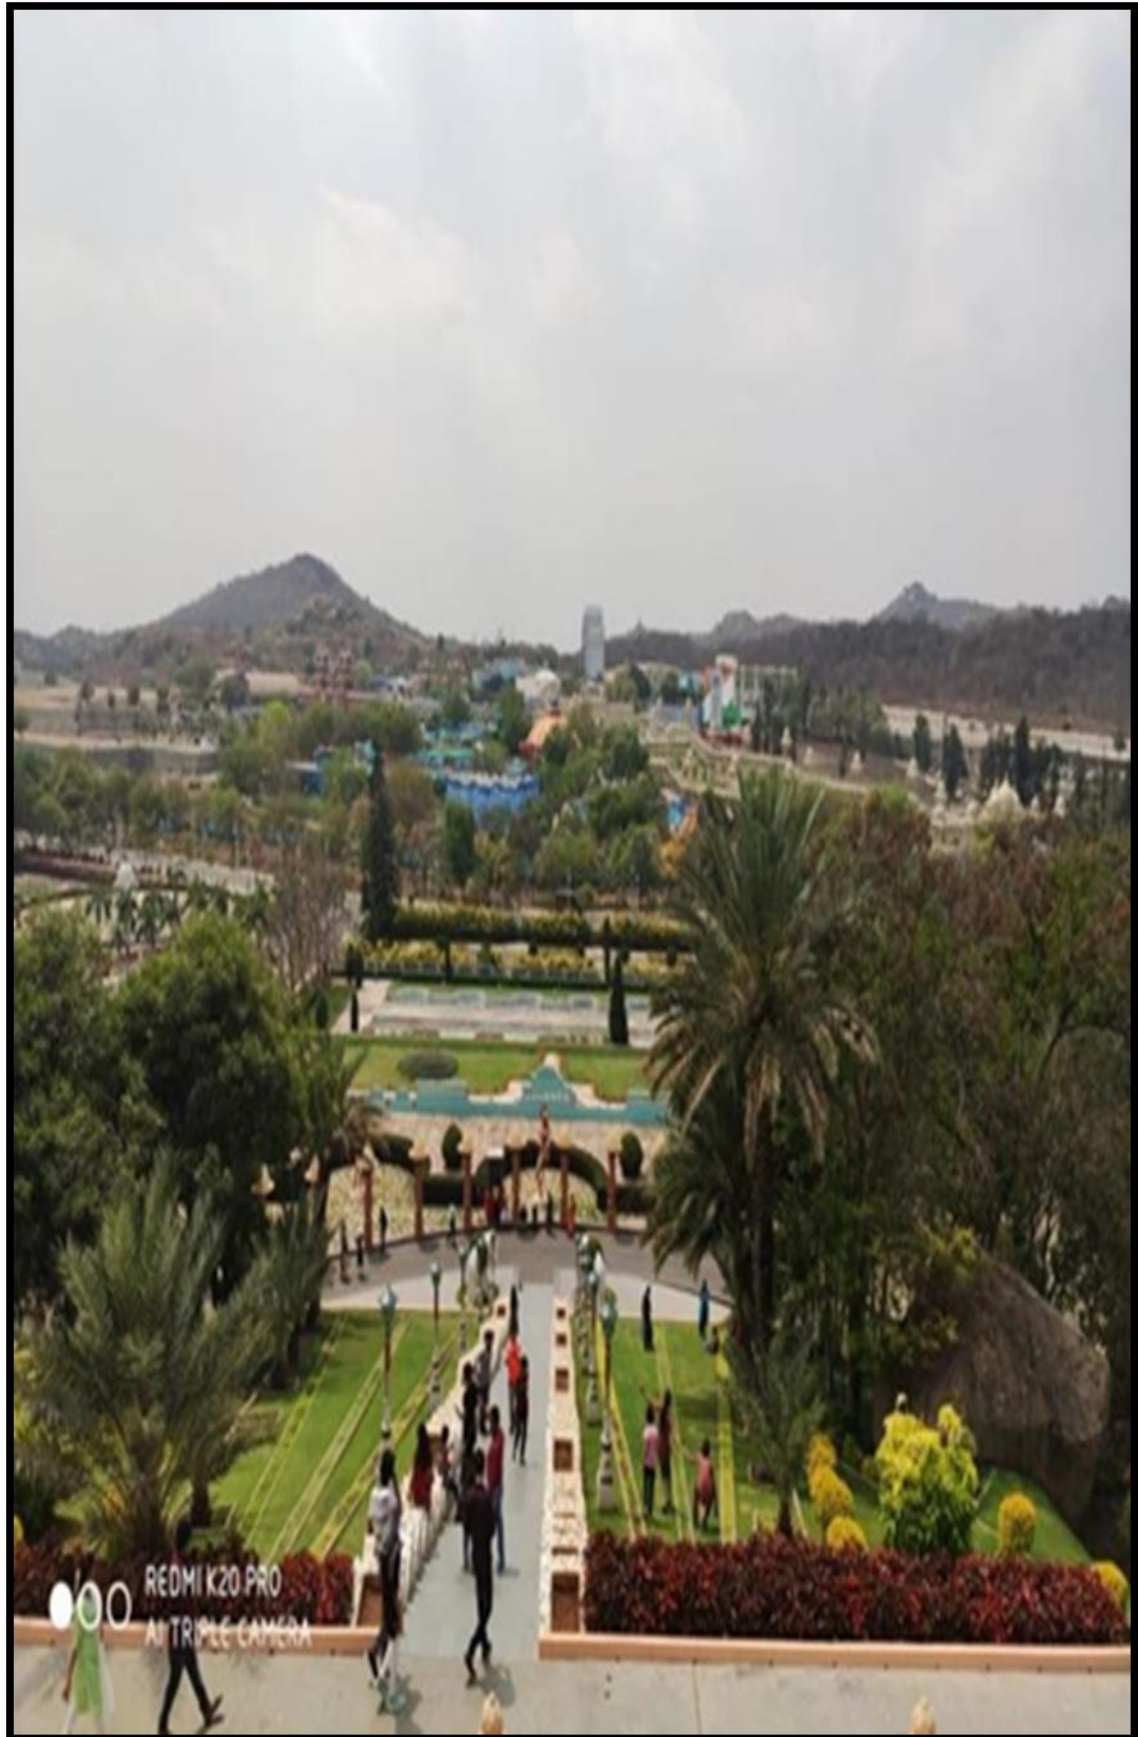

Antiques in the world. It is well known throughout India for its prized collections belonging to different civilizations dating back to the 1st century. The collections of the Salar Jung Museum are the mirrors of the past human environment, ranging from 2nd century B.C to early 20th century A.D of different cultures such as Greek, Roman, Hindu, Jain, Buddhist, Christian and Islamic of various countries and of various materials. The collection of the Museum can be divided into Indian Art, Middle Eastern Art, Far Eastern Art, European Art and Children's Section. Apart from this, a gallery is devoted to the illustrious Salar Jung family, which was mainly responsible for acquiring the collection. As on date, there are 38 galleries in the Museum in three blocks i.e.

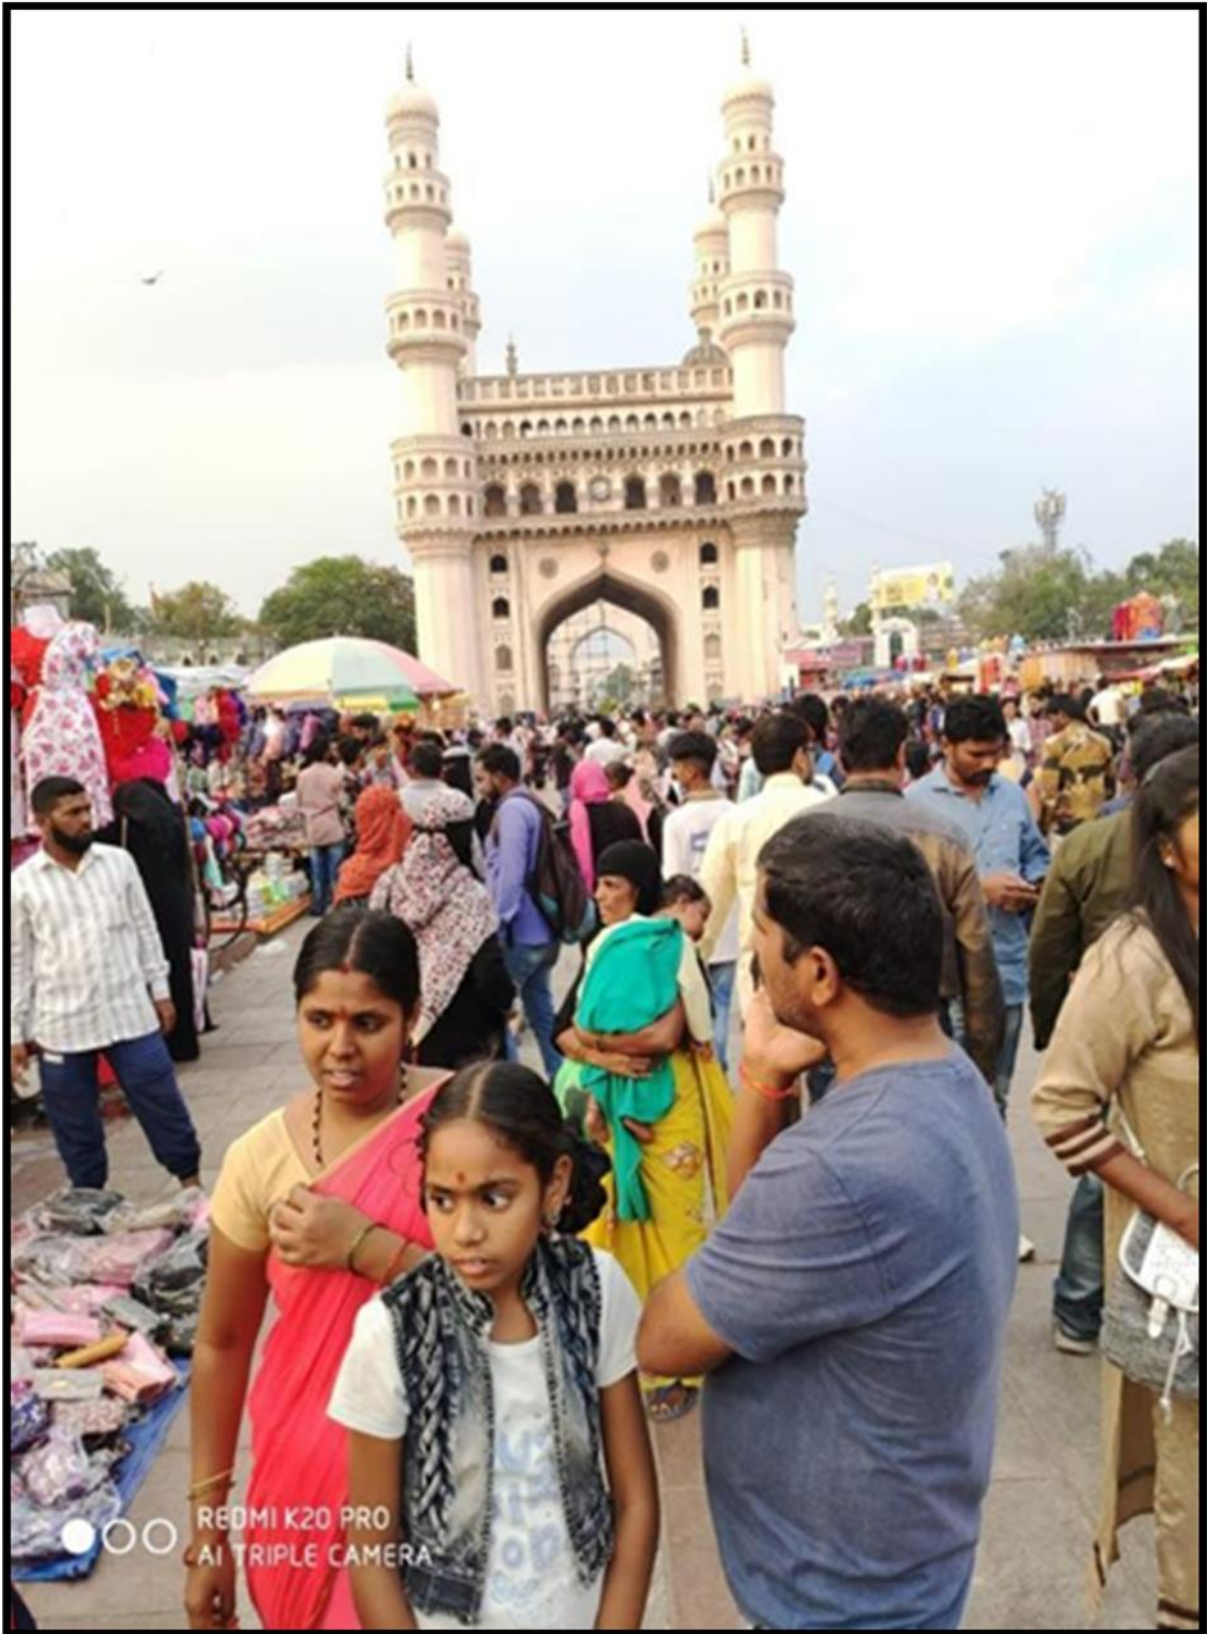

(1) Indian Block (27 galleries), (2) Western Block (7 galleries) and (3) Eastern Block like China, Japan, Burma, Korea, Nepal, Thailand, Indonesia and from Middle East countries like Egypt, Syria, Persia and Arabia. Apart from the galleries, there is a reference library, reading room, publication and education section, chemical conservation lab, sales counter, cafeteria etc. We also visited Birla temple and Birla museum and Charminar.

Second day we visited Ramoji Film City, the famous tourist destination of Hyderabad. Ramoji Film City, located about 35 kms South East of Hyderabad. We had booked our seats through train. As every one knows it is one of the world's largest film cities ever found. This is a very ideal place for family get-togethers, functions, parties etc etc. The film cities generally are meant for shooting of only films, the outsiders and viewers are not allowed inside them. Ramoji film city is a blend of both film shooting studios and also site-seeing places. The services provided by Ramoji film city are many. You get a bus through the entire place with a tour guide. It is impossible to visit 2000 acres of land without a car. The guide shows you all the things and all sets. There are a variety of sets they have - hospitals, villages, schools, fountains, gardens, parks, a video game parlour, the list is endless. The bus then drops you at Eureka Fort from where you can explore the film city on your own. In fact, while we were there, there was even a fighting shooting going on in a park. There are stunts show, comedy show and many other entertainments. There are some good restaurants where you have complete your lunch. There are a few beautiful gardens where you pass your time. There are huge fountains here and

there. By visiting this Ramoji film city one cannot forget in there whole life. Really a very good place to enjoy with family and also with friends. One whole day is not sufficient to visit this play completely. At least two to three days are required to visit this place. All facilities are really great. Transportation facilities are also very good. Although this is situated in city outskirts, there are many buses connected to this place.

Guest Lecture Series

Session-2020--2021

The department of Botany is one of the oldest and renowned departments from Shri Shivaji College of Arts, Commerce and Science, Akola, highly known for its social, academic and extracurricular eminence. The department has a huge history of its former heads with their valuable contributions not only in uplifting the standard of education but also have strong affections with local communities. They completed several projects for social benefits with the ultimate aim of improving their living standard. The Department is also following the footsteps of its former pioneer members with a huge scope of improvement and progressing gradually towards its supremacy.

Keeping this tradition ahead, Dept. of Botany has organized the virtual Inaugural of Botanical Society by organizing guest lectures for UG students on 15/02/2021. The members of Botanical Society have been elected on the basis of merit rank they secured in the last academic session and accordingly portfolios have been allotted to the respective members.

The inaugural session has been chaired by IQAC Coordinator Dr. A. S. Raut Sir (Head, Dept. of Library Sciences, Shri Shivaji College of Arts, Commerce and Science, Akola) and other dignitaries joined and celebrated the session through virtual online mode. Dr. P. P. Umale, (Assoc. Prof. and Head, Dept. of Botany) has given welcome and introductory speeches regarding this event and department.

Resource person Dr. Mohnish N. Bokhad Sir, Assistant Professor, Department of Botany, G. V. I. S. H. Amravati, has given the lecture on Embryology of Angiosperm, Dr. Mohd. Nafees Iqbal Sir, Assistant Professor & Head, Department of Botany M. S. P. Arts, Science & K. P. T. Commerce College, Manora, Dist. Washim Sir, on "Photobiology" and Dr. Rupali P. Shirsat Assistant Professor, Department of Botany Shri Dr. R. G. Rathod Arts & Science College, Murtizapur on the topic "Application of Microbes".

More than 120 students had joined the virtual session including UG and PG Classes. Students also asked their subject queries and guests also replied very nicely, resolving all the doubts and difficulties in subject learning and making the session highly fruitful.

Dr. P. D. Deshmukh anchored the event and Dr. N. B. Choukhande expressed the vote of thanks. As the event has done successfully, Dr. P. P. Umale congratulates her entire team.

"Forest and Livelihoods: Sustaining people and planet,"

I am Tiger, I am Elephant;
I am Orange Utan, I am Lion
I Lost my fur and I lost my tooth;
I Lost my family and my best friend.
I am Big Shark, I am Rhino.

Mr. Hunter! Don't kill us!
Save our Life and Save our kids!
Save all God's Creation and Save Mother Earth!
The lifecycle of every species is intertwined.
Today you are hunting them, and
tomorrow they will haunt you.
We must take every measure to protect
nature's treasure. The lives in the wild
are nature's greatest gift to us.
