DEPARTMENT OF BOTANY

As per the syllabus of B.Sc.(Botany) of Sant Gadge Baba Amravati University, Amravati, a short botanical excursion was organized to **Chikhaldara**, on 02/10/2016. About 156 students of B.Sc.(II) Sem(III) attended the tour.

Dr. S.P. Rothe, Dr. S.S. Suradkar, Mr. A.A. Maheshwari, Mr. Nikhil Choukhande and Mis. Sneha Sapkal escorted the tour.

The journey started from college campus at about 7.30 am. The breakfast was organized at Akot at about 10.00 am. And we moved towards Chikhaldara. The place is hill station in the Satpuda ranges. It is well known for Coffee cultivation

During journey we observed number of species like *Madhuka indica*, *Helicteris isora*. At the banks of Sipana river and near running waters of the jungle *Terminalia arjuna* was observed .

Visit to Bhimkunda was followed by the Botanical garden which, was the decided place of lunch. It is old garden having species like *Pinus sp.*, *Dellenia indica.*, *Caffia sp.* etc

The wall of well in the garden, was full of *Plagiochasma sp.* The centre of attraction was huge *Pinus roxburghii* trees growing in and out of the garden. Devi point is natural cave having profuse colonization of *Nostoc sp.*

The road sides were green with Bryophytic and Pteridophytic flora like *Targeonia*, *Cyathodium*, *Adiantum*, *Nephrolepis*, *Plagiochasma*, *Riccia*, etc. Angiosperms like *Bignonia sp.* were found to be growing in deep areas.

Trunks of the trees were found to have Algal and Bryophytic growths. Pure air and high rains make it ecologically important as a result Lichens are found growing on rocks and barks along with Orchids.

We reached Akola at about 9.00 pm. it was fantastic tour with many memorable events.

Outcome-

- Students were delighted to see variations in plants.
 - Students observed angiosperms in vivo.
- Students also got aware of biodiversity present around

DEPARTMENT OF BOTANY

Aim- To organize a study tour to understand diversity nearby Akola city

Objectives-

- To observe diversity around Akola

In accordance with the curriculum of Sant Gadge Baba, Amravati University, Amravati, Botanical excursion for the students of M.Sc. (I) and (II) was organized to field of '**Panjabrao Deshmukh Krushi Vidyapeeth (PDKV)**' on 25/12/2017. Total 38 students were present for the tour.

Dr. P.S. Kokate, Mr. Dnyaneshwar Shelke, Mr. Nikhil Chaukhande, Mr. Abhimanyu Maheswari, Mr. Nilesh Sonune, and Mr. Gopal Dhobale escorted the tour.

We moved to the campus of PDKV by own vehicles in the morning at about 9:30 am and started the survey of fields. Many crop varieties like *Triticum aestivum*, *Cajanas cajan*, *Glycine max*, Orange, Lemon, like crop varieties and Asters, Nishigandha like flowering plant varieties were maintained.

Huge Dairy department is well maintained where healthy cows were seen. Various wild varieties of flowering plants were growing there along the road sides.

Many insects were also observed. Peacock and Deers were observed from far distance. Plant species like *Xanthium sp.*, *Tephrocia sp.*, *Ipomoea sp.*, *Bauhinia sp.*, *Terminalia sp.*, various Grasses were also observed. Climbers, Herbs, Shrubs and Tree all categories were growing there. The weather was cool and pure air was felt. We had our lunch at Mahadev Mandir premises in the noon. We returned at about 4:30 pm at college.

Outcome- The diversity of Plants around the city was observed.

Aim- To visit Agrotech. Exhibition to see advances in agriculture technology

Objectives-

- To understand the various technologies in agriculture
- To know Agro products

In accordance with the curriculum of Sant Gadge Baba, Amravati University, Amravati, Botanical excursion for the students of M.Sc. (I) and (II) was organized to “**Agrotech**” exhibition organized by Panjabrao Deshmukh Krushi Vidyapeeth (PDKV) on 25/12/2017. Total 38 students visited the exhibition.

Dr. P.S. Kokate, Mr. Dnyaneshwar Shelke, Mr. Nikhil Chaukhande, Mr. Abhimanyu Maheswari, Mr. Nilesh Sonune, and Mr. Gopal Dhobale escorted the visit.

Dr. Panjabrao Deshmukh Krushi Vidyapeeth (PDKV) is situated in the Akola city and is very huge institution. About 500 acres of farm filed is owned by it. The Agrotech is exhibition organized by Institute every year.

We visited it in the Noon. The huge tents were raised there in the campus with waterproof facility. Each tent was assigned to a particular type of products like- Machinery, Agroproducts, New varieties, Local Products etc.

Number of Stalls were beautifully organized in row each having its own speciality. Tractors with new equipment were exhibited.

We visited local product stall and enjoyed the Food stuff like Mande, Bhakati-Bharit etc. it is well known for the test.

At evening we returned at college at 6 pm.

*Salbardi forest***AIMS AND OBJECTIVES:**

- The main aim of the Botanical excursion tour is to provide basic knowledge of the subject in field/ natural habitat.
- Study tour emphasizes experimental and practical learning.
- It also enables the learners/ students to explore various facts regarding vegetation pattern and changing biodiversity of particular region.

As per mentioned in the syllabus and as a part of curriculum of Parent University, Internal assessment of Undergraduate students consists of organization of botanical study tour. Department of Botany, Shri Shivaji College, Akola use to conduct excursion tour of UG and PG students to visit various natural habitats to observe the floral diversity and associated changes due to environmental implications. From such excursions, the students get first hand information regarding regional floristics and related aspects that are mentioned in their syllabus.

In this session (2017-18/ Winter 2017 in particular), Faculty members of the Department unanimously decided to arrange the Botanical excursion/ tour of B Sc II (Sem III) and B Sc III (Sem V) at Salbardi forest ranges in Amravati District (MS).

Our Destination for the excursion, Salbardi is beautiful place, located on the hilly track of Satpura ranges of Maharashtra. Its height is about 2 km from the base. Actually it is an undisturbed remote place in Morshi tehsil of Amravati district, Maharashtra; about 170 km away from Akola. Along with its floristic diversity, it is known as a picnic spot/ for recreation, it is also one of the renowned spiritual place in Vidarbha. There is well known natural underground temple of Shivlinga cave (100 Meter long) is situated.

In-charge teachers (Dr. S. S. Suradkar, Dr. D. K. Koche along with HOD, Dr. P. S. Kokate) planned complete schedule for the tour. After taking kind permission of Hon. Principal; Notice for students was displayed on the board. It was decided to arrange the one day excursion tour on date 16 September 2017. Total 287 students (B. Sc. II- and B. Sc. III-), 09 CHB teachers and 03 permanent teachers were participated in the tour.

All the students were gathered at 6.30 am on date 16/9/17 in college premises. We started the journey at 7 am and via- Murtizapur, Amravati highway reached Salbardi at 11 am sharply. After reaching to the excursion destination, all the escort teachers and students were marched for the observation of vegetation. The trekking was started from the base to about 2 km on the hilly area to reach at the top while observing the diversity in the plant kingdom and different ecosystem units. Once you reach the top of the hill, you feel a cool breeze of air and magnificent greenery. Every student was keenly interested to see the diversity in vegetation. They had studied some lower group members like *Selaginella* of Pteridophyta and few types of Lichens. During the visit Dr. D. K. Koche also illustrated students the stages of Xerosere i. e. development of new vegetation on rocky area; the topic of Ecology. While Dr S.S.Suradkar and Dr P.S. Kokate explained about morphology of higher plants. Some of the students of B.Sc. II Sem III had studied and collected angiospermic plants of different dicot and monocot families. The area was so unique, that one can study hydrophytes and terrestrial plants in the same area. Thus the students learned-

1. Phasic developmental stages of xerosere development
2. Difference between hydrosere and xerosere
3. Colonization/ growth patterns in some hydrophytes
4. Morphology of angiospermic plants
5. Vegetation pattern analysis & impact of climatic factors
6. Collected one new uncommon hydrophyte and one uncommon species of *Andrographis*.

We had started our return journey by 5.00 pm and reached the college campus at 10.00 pm. The entire to and fro journey for the excursion was done by hired luxury buses. For the same Department has prior permission of Honorable Principal of the college and same was also conveyed to RTO office of Akola.

Over all, the entire excursion was quite enjoyable, lucrative in sense of academics and disciplined. This also fulfilled the major objectives of excursion and students were fully satisfied by visiting this site.

Tadoba and Pench National Park

Aim- To visit the national park and to understand the floral and faunal diversity in detail

Objectives-

- To understand the Ecosystem diversity

The short excursion was organized for the students of M.Sc.(I) to the Tadoba National Park and Pench National Park on 10th -11th March 2018. Dr. P.S. Kokate, Dr. S.S. Suradkar and Dr. D.K. Koche escorted the excursion. Total 09 students had attended the tour.

We started to Chandrapur at 8 am. on 9/3/2018 and reached the Chandrapur at evening and had stay overnight. We had breakfast at Amravati and Tea break near Nagpur.

On the next day we moved to **Tadoba National Park**. The park is huge and having Bamboo and Teak population. The grasslands are well developed and are favourable for existence of Tiger. Huge grasslands are available for herbivours which in turn are the food for apex carnivour i-e Tiger. Number of groups of Spotted deer were observed in the jungle along with

many birds and insects. We had safari in jungle with the forest guide. He made us aware of many things which were unknown to us.

The calm and pure environment of jungle was fascinating. We observed many plant species like *Sterculia urence*, *Terminalia tomentosa*, *Anogessus latifolia* etc. During the safari we heard the calls and we became alert about movement of tiger. It was moving towards jungle from the road side. We were so happy to see the National Animal in the natural condition. The tiger is the king of jungle, it moves with impressive style which is breath taking.

On the 11/03/2018 we visited **Pench National Park**. It is also very large national park spread in the Madhyapradesh and Maharashtra. It is also known for Tiger and Leopards. Rare bird species like Snake Eagle is also observed here. Jackle, Peacock, Deers etc. are abundant. Large grasslands are present where Elephant Grass is dominating. It is also having backwater of Pench Project in the core, which is the principal source of water to the wildlife.

We have seen the leopard here, it was hidden in the grasses. Forest guide indicated towards the spot where it was resting. We were so happy to see leopard which is rarely observed in day time.

The tour was successful as we observed the Tiger and Leopard, as these are the centres of attraction of respective national parks. We started our return journey and reached the Akola at 10.00 pm.

Outcome-

The students got the information about wildlife and its interdependence and came to understand the concept of ecosystem diversity. They came across rare species and observed in-vivo.

Educational Visit to Daily LOKMAT

An Educational Tour of BSc II and BSc III year Electronics students was conducted to Daily LOKMAT, MIDC, Kumbhari, Akola on 27th Feb 2019. Total 96 students [BSc II (57) and BSc III (39) year] accompanied by the two Teachers; Niteen Mohod and Mrs. Anjali Deshmukh and one assistant Mr. Sanjay Pawar visited the Lokmat.

It's basically a Printing Unit of Lokmat. Initially at 11:30 am a power point presentation was done by Mr. Bawaskar, Production Manager of the Unit wherein he has covered all the processing steps during Printing. Followed by the presentation the question answer session was conducted wherein the questions posed by the students were answered by Mr. Bawaskar itself. Thereafter a round was taken by the students to various units like Printing Unit, Computer to Plate [CTP] unit and Solar Unit of Lokmat Printing Division which they are using to meet their maximum electricity need.

During our visit next day's supplement printing was going on and hence the students could see the live printing. Where they came across the sensor, counter, Computer to Plate and other concepts related to their subject. Total visit lasts for around 3 Hrs and we left the Lokmat office by 3 pm. All in all, the entire visit was successful

- To observe angiosperms in-vivo, mentioned in syllabus
- To see available biodiversity in the area

In accordance with the syllabus of Sant Gadge Baba Amravati University, Amravati, a short botanical excursion was organized to **Chikhaldara**, on 14/10/2019 for the students of **B.Sc. III**.

Dr. P.S. Kokate, Head, Department of Botany, Dr. D.K. Koche, Dr. Anand Oke, Mr. Prashant Deshmukh, Mr. Shubham Rathod, Dr. Rasika Patil, Mr. Nilesh Sonune, Mr. Dnyaneshwar Shelke, attended the tour.

The journey started from college campus at about 7.30 am. Luxury buses were hired for the day. The breakfast was organized at Akot at about 10.00 am we left Akot and moved towards Chikhaldara. The place is hill station in the Satpuda ranges. It is well known for Coffee and Strawberry cultivation. Strawberry cultivation is introduced by PKV in the region. High hills and deep valleys full of Teak wood jungle is the tread mark of Chikhaldara.

During journey we encountered with number of species like *Writea tinctoria*, *Helicteris isora*, *Terminalia arjuna* was observed at the banks of Sipana river and near running waters of the jungle.

We visited Bhimkunda followed by the Botanical garden. Garden was the place of lunch. It is british age garden having species like *Dellenia indica.*, *Caffia sp.* *Cajurina sp.*,

The garden is beautifully organized and maintained by local body. One must visit the well in the garden, it was full of *Plagiochasma sp.* patches all around the wall and between the stones of wall of well. The centre of attraction was huge *Pinus roxburghii* trees growing in and out of the garden. The peace and purity of air was awesome. Devi point is natural cave having profuse colonization of *Nostoc sp.*

The road sides were green with Bryophytic and Pteridophytic flora like *Plagiochasma*, *Riccia*, *Fimbriaria*, *Targeonia*, *Cyathodium*, *Adiantum*, *Nephrolepis* etc.

Angiosperms like *Curculigo orcheoides.*, *Curcuma amada.*, *Musa sp.* *Bignonia sp.*, were found to be growing in deep areas. RET species like *Radermachera xylocarpa* and morphologically very similar species *Oroxylon indicum* were observed.

Trunks of the huge trees were found to be green due to Algal and Bryophytic growths on bark. The place remains highly humid and foggy. Pure air and high rains make it ecologically important as a result Lichens are found growing on rocks and barks along with Orchids.

We reached Akola at about 9.00 pm. it was fantastic tour with many memorable events.

Outcome-

- Students observed angiosperms in vivo.
- They were delighted to see such variations present in plants.
- Students also got aware of biodiversity present around.

Ecological duty performed- *Students were guided in-vivo on the status and importance of hot spots of Biodiversity in comparison with the very small Chikhaldara region. The issue of conservation of biodiversity was engraved on their minds.*

Khatakali and Sulai fall'

Aim- To have in-vivo observations and study of plants

Objectives-

- To study species growing in environment
- To observe diversity of plants
- To study association between plants if any

The curriculum of Sant Gadge Baba, Amravati University, Amravati has mentioned the one short and one long excursion to for the students of B.Sc. In accordance with the syllabus, the short botanical excursion was organized to '**Khatakali and Sulai fall**' on 03/10/2019 for students of **B.Sc.(II)**.

Dr. P.S. Kokate, Head, Department of Botany, Dr. D.K. Koche, Mr. Nikhil Chaukhande, Dr. Anand Oke, Mr. Shubham Rathod, Mr. Nilesh Sonune, Mr. Dnyaneshwar Shelke and Mr. Gopal Dhobale attended the tour.

The journey started at 7:30 am from college premises by hired luxury buses. At first we visited the Gajanan Maharaj Vihar Sansthan which was on the route followed by breakfast at Akot at about 10 am.

Later the journey started towards **Khatakali**. The place is situated in the core areas of Melghat Tiger Reserve'. The region is having rich floral as well as faunal diversity. The students were supposed to go through the 'in-vivo' appearance of the species. The region is having high elevations and deep depressions along with running river and local water bodies. The roads were narrow and single pass somewhere.

The option was to visit only khatakali and it was done. The study started there and number of species of Insects, birds, grasses and trees started encountering. One of the fascinating insect was observed having Buddha face on its back. Bryophytes were observed but in small patches, the reason may be the time of visit. The prominent was the *Cyathodium sp.* Followed by *Plagiochasma sp.* *Riccia sp.* Species of ferns like *Nephrolepis* was also growing in combination with bryophytes.

Tree species were also observed of which *Boswellia serrata* was found to be subdominant to *Tactona grandis*. *Terminalia tomentosa* (the crocodile bark tree) was also observed. *Terminalia arjuna* was growing luxuriantly along the banks of river. Numerous lower angiosperms were also found to be happy with neighbourhood of variety of grasses in the area. There is old age government rest house near the village. The food was brought from home and lunch was taken there in the noon. We started our return journey and moved to '**Popatkhed Dam**' and enjoyed the sunset. There we came across the Asclepiadaceous climber *Pergularia demia*.

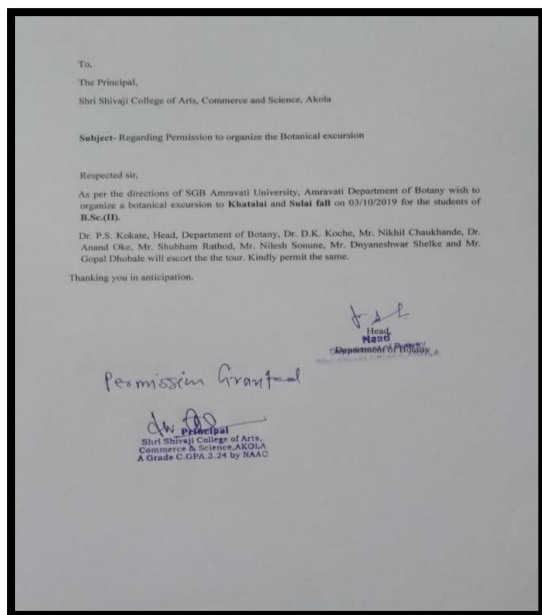

We reached at Akola at about 8 pm. and tour ended with sweet memories.

Program outcome-

- Students came to know the actual existing conditions in the ecosystem.
- Real forms of the specimens were observed and studied
- Variety of plants were observed growing all around

Ecological duty performed- 3 full bags of ***Plastic waste*** were collected from jungle during visit.

Special note- The forest authorities refused to permit '*Sulai fall*' visit on time, hence it was excluded. The reason was the length of buses; hence it is advised to avoid long chassis vehicles on this route.

Alumna Interaction with the Final Year Students

Our alumna Ms. Aarti Shelke, working with Cognizant Technology at Kolkata, had an interaction with the current Final B.Sc. students (2019-20 batch) on 4th February 2020. Ms. Aarti talked about cracking interviews and the overall grooming required getting the jobs in IT companies. During her talk, she focused prominently on communication skills and technical skills. Numbers of queries were asked by the students which were satisfactorily answered by Ms. Aarti

GUEST LECTURE

On 29th February, 2020, Electronics department has arranged a Guest Lecture for students of B.Sc. First year, Second year and Final year Electronics. The topic given to speaker in advance was 'Character Ethics and Moral'. Ms. Sonal Kame, Asst. Prof., RDG College for Women has delivered the speech upon. The session was beneficial for all the students in the every aspect and is a need of an hour. At the end, all the queries from student's side were resolved satisfactorily.

Visit to National Winner Robotics Model and its Team with Guides

On 3rd March 2020 as a part of curriculum of B.Sc. III S-VI Electronics, under Industrial Visit the final year students were taken to Manutai Kanya School where the work on National Level Winner Robotics Model is going on to participate in International Level Robotics Championship in USA in Apr 2020. The project was done by the 10 school going girls under the able Guidance of Ms. Kajal Rajvaidya, Director KITS, Mr. Arjun and Mr. Vijay Bhattad. The final year students have seen the project (Live Model) and had healthy discussion with the Team and their Guides. On the occasion Ms. Kajal Rajvaidya and Mr. Vijay Bhattad guided the students about the future trend and the scope for Electronics.

It was really a nice experience for all the students that they came to know many things about the ROBOTICS about which they were really unknown

State Level Seminar Competition Participation

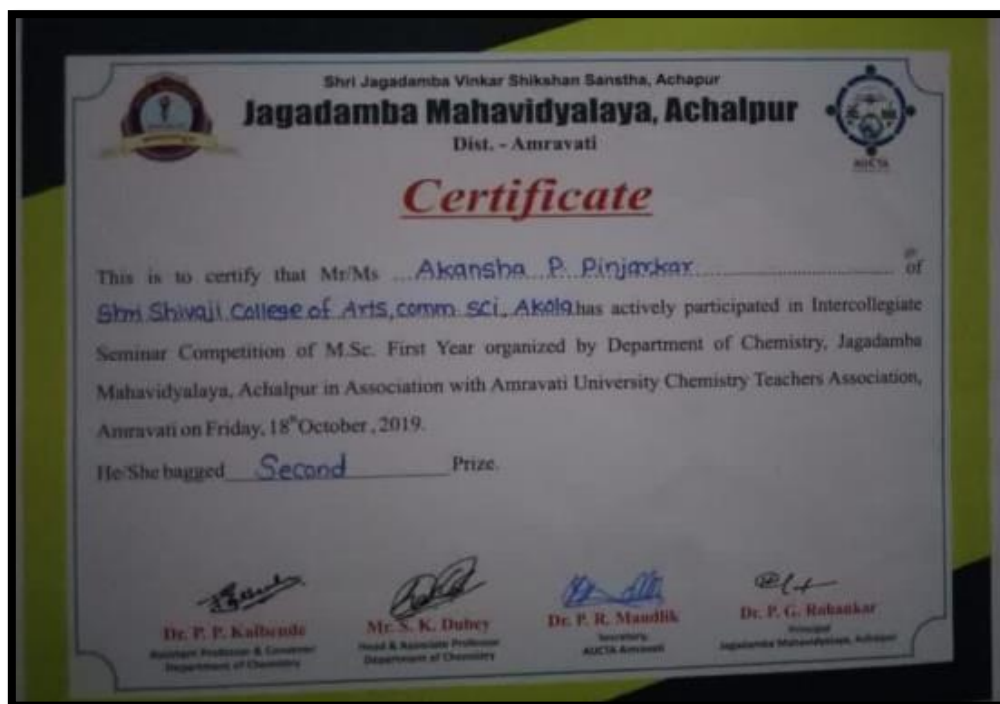

02 students viz Ms. Poonam Agarkar and Mr. Sopan Dhaye of BSc III S-VI from the Dept of Electronics has Participated in a State Level Seminar Competition at GS College at Khamgaon, Dist Buldana on 06th Feb 2020 and competing with the participants from the various colleges in a State Ms. Poonam Agarkar of this dept bagged the First Prize and awarded with the Certificate, Memento and a cash prize of 1100/-Rs. Mr. Sopan Dhaye was on 3rd position but didn't get the rank since only two ranks were considered by the host college for the prizes and hence got only the Participation Certificate.
