### **INTERNATIONAL E- CONFERENCE ON INNOVATIVE RESEARCH TRENDS IN LIFE SCIENCES (ICIRTLS-2020)**

**[3<sup>rd</sup> to 5<sup>th</sup> December 2020]**

This 3 day International e conference on Innovative Research Trends in Life Science (ICIRTLS-2020) was organized by Departments of Life Science Shri Shivaji College Akola in Collaboration with ISCA- Amravati Chapter during 3 to 5 December 2020. The objective behind the organization of this online international event were-

- To reconnect the scientific community, faculty and students of life science subjects in the era of Covid Pandemic.
- To provide a common online platform to faculty and researchers of life sciences to present their research.

The Inauguration of this e-conference was held on 3<sup>rd</sup> December 2020 at the hands of Dr. Yashpal Sharma, Professor, Department of Botany, Jammu University, Jammu; who was also key note addressee of this e-Conference. This session was chaired by Honorable Shri Harshvardhanji Deshmukh Sir, President Shri Shivaji Education Society, Amravati (MS). Dr. N. B. Gaikkwad, Professor, Department of Botany, Shivaji University Kolhapur was also grace the inaugural event as guest of honor and Chairman of Key note session. Dr. P. P. Umale (Convener- ICIRTLS-2020) has given the Introductory speech followed by welcome speech of Dr. R. M. Bhise- Principal & Chief organizer ICIRTLS-2020. The Inaugural Address by Dr. YashPal Sharma was followed by release of Abstract book and then Presidential remarks was given by honorable Chairman Shri

Harshvardhanji Deshmukh. The thanks giving's of Inaugural Invitees was done by Dr. D. K. Koche.

For this conference total 10 speakers were invited from different disciplines of life sciences and from different Institutions. Off these 02 speakers were Scientists from outside India and 05 speakers were from Scientists from different National Research Institutes of India and remaining speakers were Professors from different traditional Universities across India. All the speakers were from different disciplines and covered both fundamental and applied aspects of life sciences, tracing some emerging trends.

Most of the speakers have opine that this era belongs to life science and needs more interdisciplinary research to get more benefit from the resource that we have and their conservation.

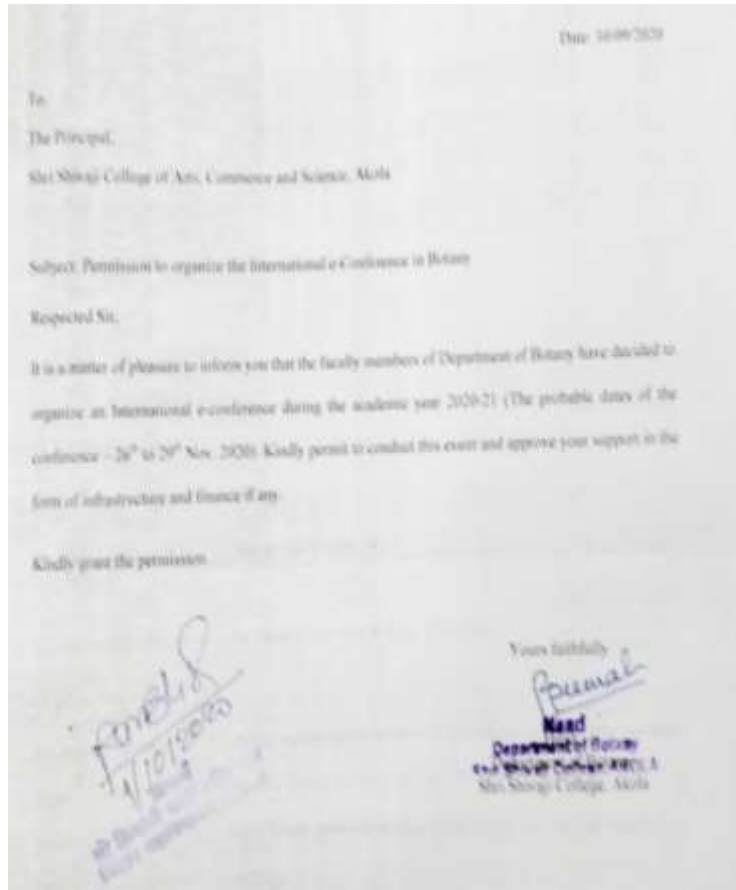

To chair sessions of each speaker and Oral sessions, High ranked academicians from different Institutions and Universities were Invitee for the event. The details of conference speaker and conference schedule is given below.

For this conference we have received more than 270 registrations; off which nearly 50% were from out of our parent University.

For this conference, we brought up with an abstract book and an edited book volume. The abstract book consists of more than 160 abstracts and edited volume entitled as "*Current updates in Life sciences*" consists of 97 research articles.

In all 42 e-posters and 47 oral presentation videos were received from different categories of presenters. The conference also had Young Researcher in life sciences – online oral presentations for research scholars and faculty members.

The valedictory function of this e-Conference was held on 5<sup>th</sup> December 2020. For this function, Dr. J. A. Tidke, Professor, Department of Botany, S. G. B. A. University Amravati was present online as Chief Guest and Dr. Atul Bodkhe, ISCA- Chapter Convener (Amravati Chapter) was present as Guest of Honor. This function was chaired by Honorable Shri Hemantbhau Kalmegh, Executive member, Shri Shivaji Education Society, Amravati, in presence of Dr. R. M. Bhise, Principal, Shri Shivaji College Akola and Dr. A. S. Raut, IQAC Coordinator of Shri Shivaji College, Akola and Dr. P. P. Umale, Convener of the conference. In the valedictory function, the conference briefing was given by Dr. G. D. Gaikwad and Prize Distribution was anchored by Dr. Anjali Kaware. Several participants have given their opinions and remarks on the conference conduct. After the speech of invited guests, Dr. A. S. Raut (IQAC Coordinator & Co-organizer) also gave his remarks followed by the presidential speech. The vote of thanks was given by Dr. D. K. Koche, Organizing secretary of this conference and this valedictory event was anchored by Dr. H. P. Sapkal.

### “Satellite Model Exhibition” (23-25 Dec. 2020)

The Department of Geology and Geoinformatics of Shri Shivaji College of Arts, Commerce and Science, Akola organized the “**Satellite Model Exhibition**” for the graduate and post-graduate students during 23<sup>rd</sup> to 25<sup>th</sup> December 2020. The theme of these competition was “**From Waste to Best**” relating to the subject Geology and Geoinformatics and importance of GIS and Remote Sensing in space technology.

The students have been successfully participated in this competition and tried their best to present a good model. “A *Satellite Model Exhibition*” competition is a temporary promotion of an idea, product, or event put up in a public space for mass consumption. Typically, *models* include both visual and graphic elements, although a *model* may be either wholly practical. *Models* are designed to be both eye-catching and informative. The main function of a model is to capture a moving audience with a message. When designing a model many aspects of it should be considered carefully. The students are motivated for think about the one aspect of the information that must convey the message and plan your design around that. The Model Exhibition is for graduate and undergraduate students interested in high performance computing, remote Sensing and GIS field. This competition enables students to share the results of projects that they have performed. The models were presented in the premises of college and the explanation of each model were given by students. This competition helped students to express their knowledge about their area of interest in order to enhance their knowledge about the subject and to improve their communication skills. The event was also helped them to increase their confidence of public speaking. The another reason to held this competition is the best advantage of model making is that it facilitates team work and understanding along with facilitating creative thinking and extensive research and reading. It provides students with an opportunity to learn by doing, in turn strengthening the learning. Students are able to visually represent the key points and elaborated the same which

facilitates their retention and recall of events and facts. Model making and presentation is also an effective tool for evaluating the students' knowledge and creates opportunities for active discussion and participation. Be it the traditional posters or technologically advanced computer presentations, poster making and presentations can actively engage students in their learning process.

Hon. Harshvadhan Deshmukh, President, Shri Shivaji Education society, Amravati visited exhibition with Vice-President Hon. Nareshchandra, Thakre, Hon. Gajanan Pundkar and College Development Committee Members.

## Report on

### Virtual Celebration of World Wetland Day

(02/02/2021)

World Wetland Day (WWD) is celebrated every year on 2nd February for the conservation of wetlands at the global level. Celebrating this occasion of WWD-2021 we organised online programme at Department of Botany, Shri Shivaji College of Arts, Commerce and Science, Akola under the theme "*The fresh water wetland*". *Fresh water is burning now a day. The rate of ground water extraction is in inverse proportion to water refilling. Anthropogenic activities have polluted most of water reservoirs and now it is extreme moment to stop polluting and start restoring them.* Keeping in mind the current scenario of water resources around us, we organized online "**Inter-university Wetland Photography Competition**" for Students & faculty members of UG, PG of various colleges to celebrate the WWD. More than 89 participants participated in this event.

#### Objectives:

- To increase awareness about the vital role of Wetlands
- Bring some activity about ecological health in abundance to not only water bodies but environments as a whole.
- By celebrating this day, we can recognize this dilemma before the loss of a natural filter and conserver of the world because many wetlands are being lost.

On this occasion our Chairperson **Prof. Dr. R. M. Bhise** Principal of our college delivered a talk on **sources** of wetlands and its importance in these areas.

The Programme was started with an introductory talk by Dr. **Dr. P. P. Umale** Professor & Head, Department of Botany. In her talk she emphasized on departmental development which takes place since the date of establishments. She talked about various efforts being made by departmental ex head and various activities taken for departmental

development. She also focuses on the conservation of wetlands and explained about the importance of wetlands and their vital functions, values.

In the next lecture, Dr. V.S.Patil gave the introduction of Resource person Dr. Yayati B.Tayde Associate Dean, Department of Forestry Dr. Panjabrao Deshmukh Krishi Vidyapeeth, Akola. Dr. Tayde delivered a talk on **“Wetlands and its socio-economic and ecological importance”** in which he showed various lakes and wetlands of the region and various unique flora and fauna that depends upon these wetlands. He focused on the biotic and abiotic components of the lake, river, pond ecosystem and their interactions making a food web. He explained students that how deterioration of lake, river, pond, stream, water affects the phytoplankton and zooplankton diversity and they turns into eutrophic one. He emphasized on the conservation and protection of catchment area for a healthy wetland ecosystem and pointed out that the wetlands are important for retaining water during dry periods, thus maintain aesthetic beauty and biodiversity that has a strong link with sustainable urban future. He gave guidelines for protection, conservation of water bodies, to keep away the pollution and maintain this natural asset.

For creating awareness among the students regarding conservation of wetlands for the future we organized **“Inter-university Wetland Photography Competition”** on same day. In these creative activities students, & faculty members participated enthusiastically and batches of three different categories i.e.UG, PG, & faculty were made for winner of the competition among them on the above mentioned topics. The various activities performed by the students were judged by the teachers DR.Sanjay Satpute, Assistant Professor, Mahatma Fule Arts, Commerce & Sitaramji Choundhari Science Mahavidyalaya Warud &Dr.Hemant Spkal, Associated Professor Department of Zoology Shri Shivaji College of Arts, Commerce &Science Akola. Result was declared by Dr.Rasika Patil. Winners as well as participants of these competitions were given e certificate by the department.

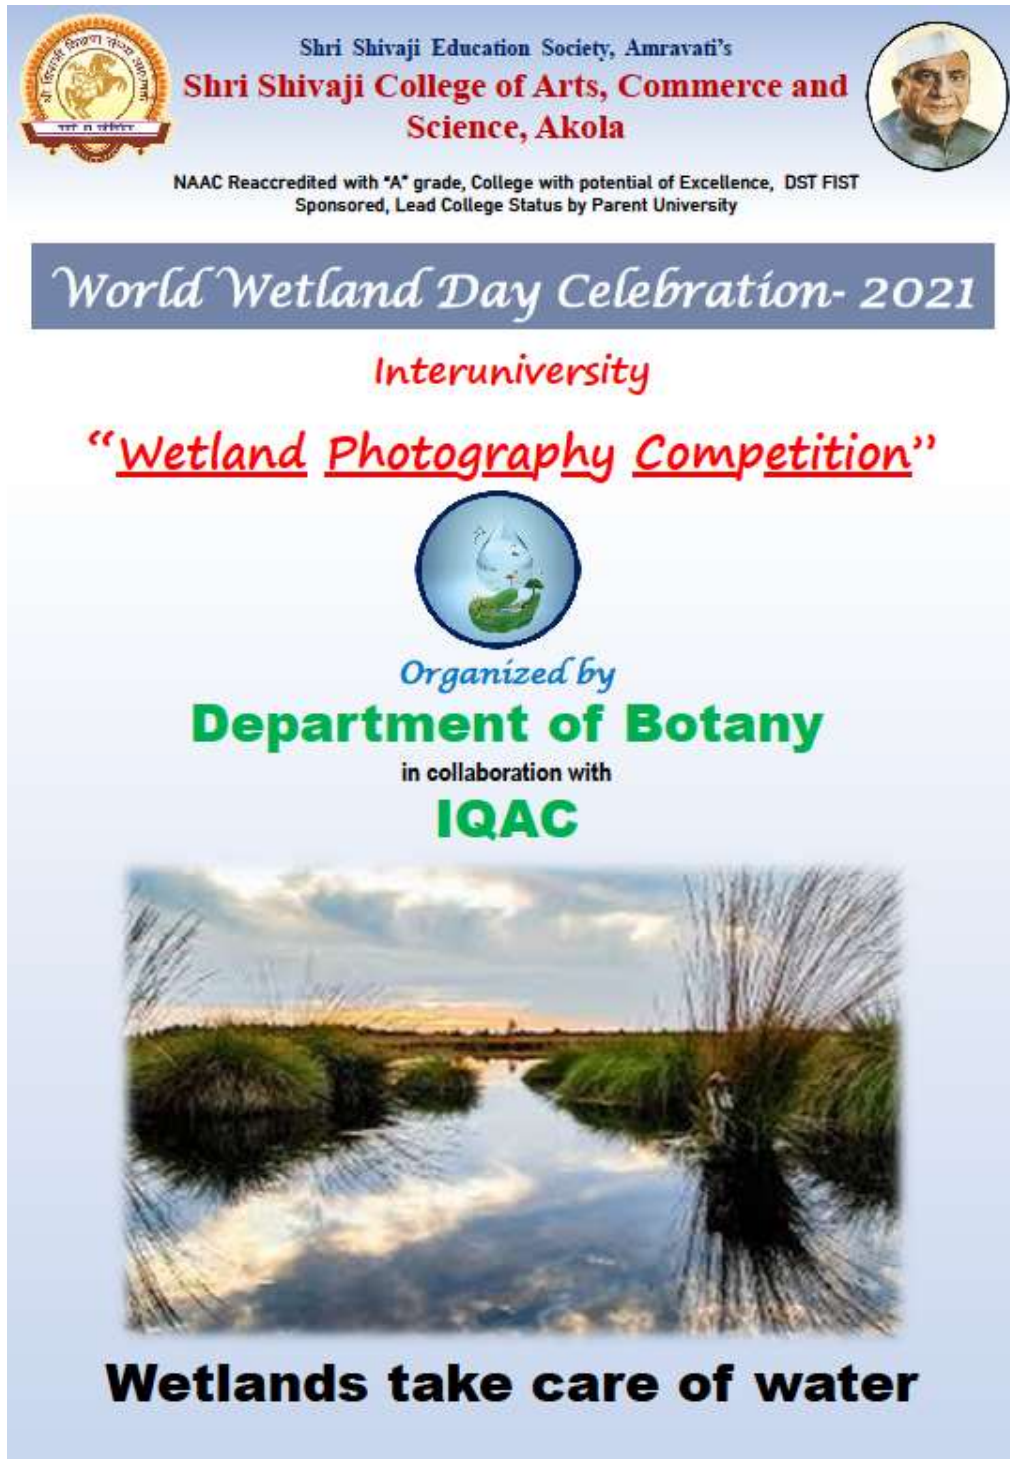

The programme concluded with a Vote of Thanks given by Dr.Anand Oke . For this pregame large affords were taken by Dr.D.K.Koche, Dr.Prashant Deshmukh, Mr.Shubham Rathod, Mr.Nikhil Chaukhande, Miss.Isha Rajput, Mr. Gopal Dhobale &Mr.Nilesh Sonone.

Students participation in programme

Virtual presentation of topic "Wetlands and its socio-economic and ecological importance"

## Objective of Ramsar convention

- To achieve and maintain the ecological character of the wetlands and facilitate sustainable use for the benefit of people and the environment.
- It also mandates them to frame National Wetland Policies, form wetland inventories, conduct and create monitoring, research and awareness and prepare integrated management plans.

Virtual presentation of topic “Wetlands and its socio-economic and ecological importance”

## Uses of wetlands environmental

Wetlands plants and soil store carbon instead of releasing it to the atmosphere as carbon dioxide. Thus they help moderate global climate

Wetlands help retain sediments and increase soil fertility

Plants that grow in wetlands are very effective in filtering out water pollution

Many wetlands remove pollutants from surface runoff and small streams.

Mangroves can protect shorelines from strong winds and can reduce the impact of hurricanes and tsunamis

Some important wetlands in India

- Ashramudi (Wetland)
- Bhitarbanka (Mangroves)
- Bhoj (Wetland)
- Chandertal (Wetland)
- Chilika (Lake)
- Deepor Beel
- East Calcutta (Wetlands)
- Harke (Lake)
- Hobani (Wetland)
- Kangdi
- Koeladeo (National Park)
- Kolleru (Lake)
- Loktak (Lake)
- Point Calimere (Wattle and Bird Sanctuary)
- Pong Dam (Lake)
- Rensu (Lake)
- Ripar
- Rudrasagar (Lake)
- Sambhar (Lake)
- Sasthankotta (Lake)
- Sutrasar - Mansar (Lakes)
- Taomdini
- Vembanad-Kol (Wetland)
- Wular (Lake)
- Upper Ganga River (Narora to Brighat stretch)

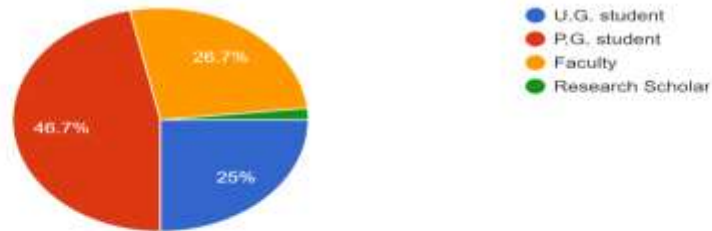

Out of 42 Ramsar wetlands in India now, 20 are located in three states and two UTs in North India, 13 of them are situated in just two states of Uttar Pradesh (7) and Punjab (6), where the large states of Madhya Pradesh, Maharashtra, Gujarat, Andhra Pradesh and Tamil Nadu have just one Ramsar site each. Major states like Karnataka, Telangana, Bihar, Jharkhand, Chhattisgarh and several states of North East India have none. Only one Ramsar site of India, namely the Upper Ganga River (Brighat-to Narora Stretch) is a river.

In terms of size the four wetlands in East India cover 6170 sq km area which is about seven times more than the areas under 20 Ramsar sites of North India. The largest Ramsar sites are Sunderbans (4230 sq km) followed by Chilika (1165 sq km).

**Immunity booster, probiotic Yoghurt production**

**(27/07/2021)**

<https://meet.google.com/nvt-bmnr-kbt>

Department of Microbiology has organized online workshop on immunity booster, probiotic Yoghurt production on 27<sup>th</sup> July 2021.

The president of Inaugural function was Dr. R. M. Bhise, Principal, Shri Shivaji College of Arts, Commerce and Science, Akola. The organizing secretary was Dr. S. N. Zodpe, Assistant professor, Dept. of Microbiology, Shri Shivaji College of Arts, Commerce and Science, Akola. About 50 students were present for the workshop. The speaker for the workshop was Dr. A. S. Pethe, Head Department of Microbiology, Shri Shivaji College of Arts, Commerce and Science, Akola.

**Objectives of workshop:**

1. To aware the students about the importance of fermented food as a probiotic.
2. Career opportunities in milk and food industries.

**Practice:**

Dr. A. S. Pethe explained the importance of Yoghurt as an immunity booster and furthermore explained the procedure for making yoghurt. She explained about the immunity power of body. The yoghurt has general immunity boosting effect and inhibits the growth of various microorganisms. Yoghurt is the best of breakfast topped with cereal and fruits like banana, berries, mango and coconut. Yoghurt contains vitamin B12, riboflavin and proteins which improves cardiovascular function and protect your digestive health. Yoghurt can reduce risk of osteoporosis. Probiotics found in yoghurt are believed to reduce inflammation which is linked to several health condition ranging from gut disorders and viral infections.

## Report of

### National level Virtual Seminar Competition

on the occasion of

## “World Fungus Day” Fungal Awareness Week

(Dt.27/9/21 to  
02/10/21)

Theme-Fungal Pathogens of Human, Animals &Plants

On

Date- 30/09/2021

Fungi influence the well-being of human populations on a large scale because they are part of the nutrient cycle in ecosystems. They have other ecosystem roles as well. As animal pathogens, fungi help to control the population of damaging pests. These fungi are very specific to the insects they attack, and do not infect animals or plants. Fungi are currently considered as an important constituent of Medical field and Forensic science. Mycological society of India is Scientific body formed for advancement of subject of mycology. We know that fungi are crucial to our very existence, as mycorrhizal partners with plants, and as major decomposers and nutrient cyclers. Most lay people, and even many biologists, do not, however, realize the importance of fungi.

One of the most important use of these fungi is its antibiotic preparation in pharmaceutical industry. Celebration of “**Fungal Awareness week**” which was started from 27<sup>th</sup> September to 2nd October in various colleges by collaboration with Mycological Society of India and Shri Shivaji Science College, Amaravati. In this week various activities were organized by twelve different colleges from Maharashtra and Madhya Pradesh for UG and PG students. We have also decided to participate in this mega event.

The prime objectives for conduction of this programme were:

- To acquaint the students about vital role of fungi.
- To involve the students in the fungal research for benefit of human beings.
- To create awareness among the students regarding the importance and applications of fungi in various fields.
- To provide the information about role of fungi in Human, Animal and Plant pathology to the students.

Department of Botany took an opportunity to arrange Virtual Seminar Competition on date 30<sup>th</sup> September 2021 to take part in the celebration of Fungal Awareness Week. About 178 participants registered for the event and 51 entries were received by the participants from all over India. All videos were with fine power point presentations and good resolution quality. The content of Videos was also up to mark. Students elaborated their topics very nicely. Organising committee framed the online program for the encouragement of participants. On this occasion Chairperson of the program and Principal of our institute Dr.R.M.Bhise made the event successful by sending a good wishes for betterment of program. We felt grateful to him for granting us permission to conduct this event. We felt privileged to have Dr D.V.Hande, Council member of MSI and Professor, Department of Botany, Shri Shivaji Science college, Amravati as a Chief Guest. He illustrated the need of fungal awareness among students and importance of fungi in day to day life. He also elaborated how we start our day with the use of fungal products in daily life. Guest of honor and IQAC coordinator of our institute Professor Dr Ashish Raut Sir expressed his views by stating that fungi are important part of ecosystem.

The most tedious and time consuming job of evaluation of videos of seminars in competition was carried out by dear and sincere fraternity from botany subject, respected Dr, Narendra Shahare sir,

Prof and Head, Dept. of Botany, Brijlal Biyani college, Amt., Dr Suchita Khogake madam, Assistant professor and Head of dept. of Botany, Vinayak Vidnyan Mv, Nandgaon Khandeshwar, Dr. Anjali Sangole, Assistant Professor, Dept. of Botany, RLT science college, Akola. Dr Narendra Shahare sir during program delivered a motivating speech for participants. Dr.P.P. Umale, Professor and Head of Department in her welcome speech stated detailed information about the stakeholders of department and their

achievements. Dr. V.S. Patil shared knowledge about need of celebration of World Fungus Day. Programme was conducted smoothly by Mr.N.B. Choukhande and vote of thanks was proposed by Dr.Anand Oke.

For the fruitful organization of complete event pain staking efforts were taken by teaching faculties of Department Dr. D.K.Koche, Mr. S. A. Rathod, and Dr.R.N.Patil. Mr.Gopal Dhobale, Mr. Nilesh Sonone, Miss. Isha Nagwanshi also helped the students in their technical problems. All non-teaching staff also contributed for conducting the programme efficiently. Enthusiastic students of participated actively in this event and made it productive to all levels.

## Main Characteristics of Fungi

- Eukaryotic cells are non photosynthetic that is heterotopic .
- Most are multicellular that is molds but some are unicellular that is Yeast.
- The cell wall of fungi made up of chitin.

**Diagnosis:**

- Diagnose ringworm by examining your skin and possibly using a black light
- take a sample of your skin or discharge from a blister and send it to a lab to test it for the presence of fungus.
- a small area of infected skin onto a slide and place drops of a liquid called potassium hydroxide (KOH) on it. The KOH breaks apart normal skin cells, making the fungal elements easier to see under a microscope.

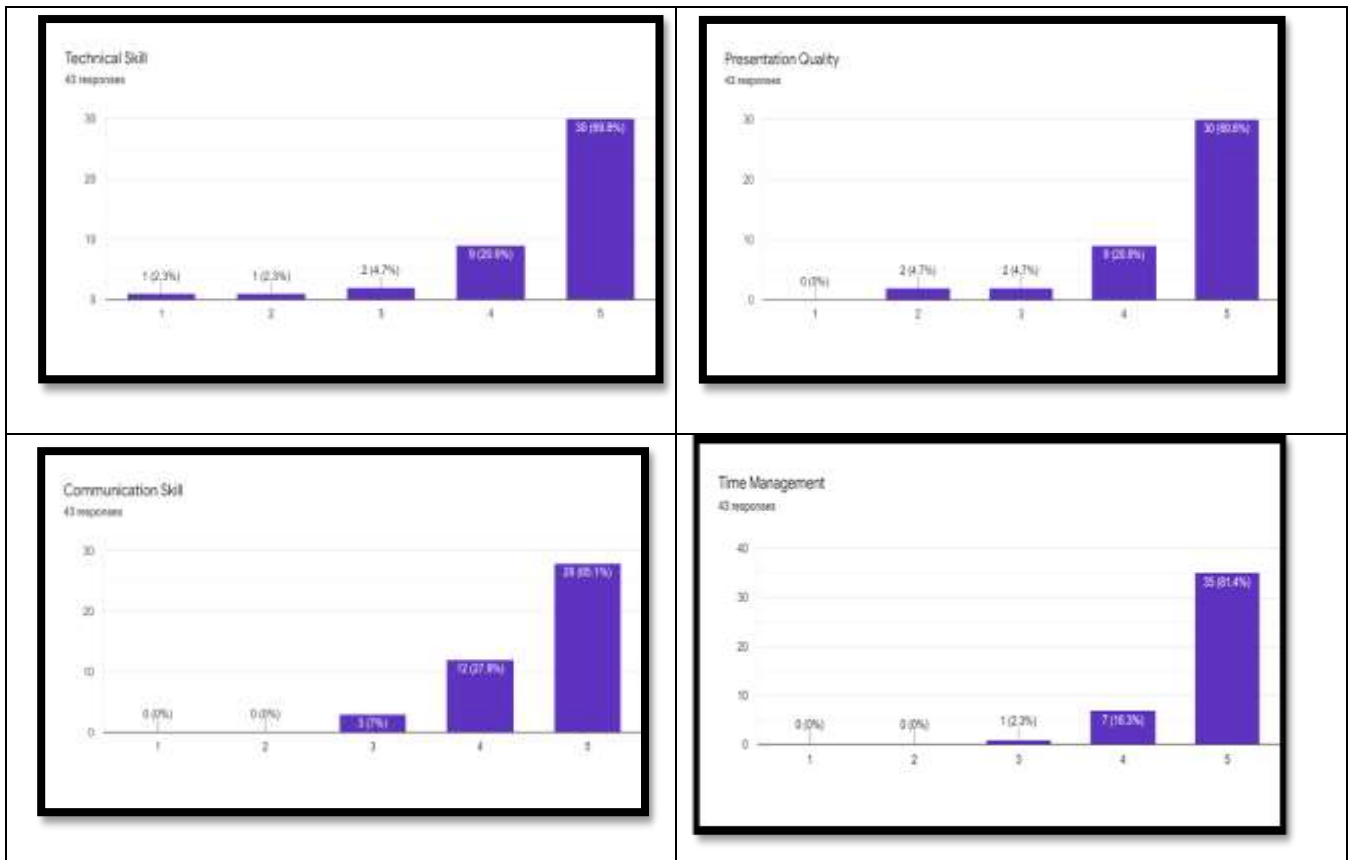

**Content:-**

- 1)Worm disease of potato
- 2)White rust of cucumber
- 3)CITRUS SCAB
- 4)Black rot of radish

### **Report on Online State Level Poster Competition on the Occasion of World Ozone Day [16<sup>th</sup> September 2021]**

An online state level poster competition was organized by Departments of Chemistry, Shri Shivaji College Akola on 16<sup>th</sup> September 2021, on the occasion of World Ozone Day. Theme for the competition was Montreal Protocol - "Keeping us, our food and vaccine cool". The objective behind the organization of this online international event were-

1. Increase awareness of ozone layer depletion in colleges and their communities.
2. Showcase the artistic ability and talent of M.Sc. students in poster-slogan making contest, while promoting ozone layer depletion awareness.
3. Encourage involvement of teachers, pupils and communities in the ozone layer depletion awareness.

The organizing committee members for this competition were:

1. Dr. D. S. Deshmukh
2. Miss. K. V. Kumbhalkar
3. Mr. Zamir Shekh

The competition was conducted successfully under the guidance of Dr. R. M. Bhise, Principal, Shri Shivaji College of Arts, Commerce and Science, Akola and Dr. K. N. Puri, Head, Department of Chemistry, Shri Shivaji College, Akola.

In this online poster competition, total 20 students from various colleges were participated. Students participated and submitted their posters through online mode. A google form has been prepared for the participation and poster submission purpose. In the competition, we saw creativity exploding in every piece of art. It was a wonderful opportunity to think out of the box. The competition not only serves its sole purpose but also gives us a platform to display our vivid ideas and learned more by interacting with others. It also enhances awareness amongst students so that the compatibility with nature becomes their motto in life. Out of total 20 posters received, top 3 posters were selected for the prize. The prizes for the winners were distributed among 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> winners. And certificates were provided to all the participants through online mode.

The Prize winners were:

First Prize (Rs. 1000/-): Rashmi Katkar, Sant Gadge Baba Amravati University, Amaravati

Second Prize (Rs. 700/-): Anjali Nayse, Shri Shivaji College, Akola

Third Prize (Rs. 500/-): Madhuri Shegaonkar, Shri RLT College, Akola

# चार दिवसीय सॉफ्ट स्किल्स कार्यशाळा

देशोन्नती वृत्तसंकलन...

अकोला ■ सॉफ्ट स्किल्स म्हणजे प्रभावी संभाषण करण्याचे कला अवगत करणे तसेच प्रॉब्लेम सोल्विंग स्किल्स व इतर अंतर्गत गुण विकसित करते या विषयावर स्थानिक शिवाजी महाविद्यालय विद्यार्थी विकास व ट्रेनिंग अँड प्रेसमेंट सेलतर्फे चार दिवसीय कार्यशाळेचे आयोजन करण्यात आले होते. आजच्या स्पर्धेच्या युगात सर्व व्यक्तींचा तांत्रिकदृष्ट्या सक्षम होण्याकडे जास्त कल असतो, त्याचवेळी त्यांच्या क्षेत्रात ते कुशल असतात पण एक ठराविक कालावधीनंतर त्यांची स्वतःचा विकास करण्याची क्षमता घटते याचे प्रमुख कारण म्हणजे त्यांच्याकडे धाडही गुणांची कमतरता असते. त्यातच त्यांना समूहामध्ये काम करण्याची कला अवगत नसते ही कला अवगत करणे म्हणजेच सॉफ्ट स्किल्स अवगत करणे होय. ३ ते ६ जानेवारी या कालावधीत झालेल्या या कार्यशाळेला विविध तज्ज्ञांमधील मोलाचे मार्गदर्शन लाभले. या कार्यशाळेत आरडीजी महिला महाविद्यालयाच्या डॉ सोनल कामे यांनी सकारात्मक देहबोलीचे अणुवासाधारण महत्त्व आहे हे पटवून दिले. त्यानंतर श्री नितिन मोहोड यांनी प्रभाकराली समूह चर्चा, खर्बल अँड नॉन खर्बल कम्युनिकेशन तसेच इंटरव्यू स्किल्स यावर
