The student's grievance and redressal cell are established in order to maintain a healthy working atmosphere amongst staff, students and parents. This cell aims to look into the grievances lodged by any student. Students can approach the cell to register their grievances and complaints regarding academic matters, financial matters, canteen services, library issues and other services offered by the institution. Any form of dissatisfaction faced by the students can be communicated to the cell. The grievance and redressal cell also looks into matters of physical, mental or sexual harassment faced by the students in the institution's premises. Anyone with a genuine grievance may approach the convener or any member of the grievance cell. Complaint boxes have been installed in the college campus in which the students, who want to remain unidentified, can place in writing their grievances and their suggestions for improving the academics/administration in the college. Grievances may also be sent through e-mail or phone to the convener of the student's grievance and redressal cell. The cell after receiving the complaints redresses the grievances promptly and judiciously. As a result of this redressal mechanism, the college has pleasant environment and ethical work culture with friendliness and mutual understanding among the students and faculties.
