## ShriShivaji College of Arts, Commerce and Science, Akola (MS)

### Policy and Procedure Document

The campus of the institution is centre of the lives of all students and in many cases their home too. Students remember college campus throughout their life. We spent maximum time in the college campus. The infrastructure of our institute is adequate to provide conducive atmosphere to achieve programs outcomes. The planning of college campus is by considering present and future name of the institution. The Laboratories of all core subjects are well equipped and maintained.

### POLICIES

The institute has prepared policies for infrastructure development with academic expansion. For the optimum use of infrastructure classes are conducted in to shifts and time table is scheduled.

The budgetary provision for augmentation and maintenance of the infrastructure is made at the beginning in every session. As per growing needs and for the sustainable development the budget is estimated in the building construction committee. This estimate is kept in college development committee for sanctioning. Then it is forwarded to Parent management Committee for sanctioning. After the engineer of management surveyed and reviewed, the resolution is passed in building committee of management. The further action is taken by inviting tenders and order of construction of buildings and renovations are fixed to private agency quoting lowest prices.

#### **A] Physical facilities:-**

##### **a) Academic facilities:-**

Classroom, laboratories, seminar halls and auditorium in the institution are satisfactory resources required as per programs. The maximum utilization of classrooms and Laboratories is carried out by conducting classes in to shifts. Six classrooms are furnished with LCD projector to deliver the lectures by using PowerPoint presentations. The seminar halls in most of the departments are with ICT facilities utilized for guest lecture series, etc. While well-equipped Vasant Auditorium is accomplished with LCD projector and mike system. Which can accommodate about 350 students and usually used to organise workshops, Symposia, conferences etc.

**b) Library:-**

Library is automated in the year 2002. Library is stocked with large number of textbooks, reference books, magazines, journals etc. In library e-library facility is provided with access to e-books, e-journals, Shodhaganga, Databases for upgradation in research.

**c) Computing and IT facility:-**

The adequate and relevant computing and internet services are available in the institution. The institution has ICT facilities in most of the departments with leased line of 100 mbps Bandwidth of internet. The students are rendered with sufficient number of computers.

**d) Digitalized working system-** Use of software application for administrative, documentation, reporting, tracking is well governed operation of the institute.

**B] Support facilities:-**

Likewise, the academic facilities institution also acquires desired support facilities to satisfy needs of all stakeholders. Institutional also has adequate facilities for indoor and outdoor games, gymnasium, yoga centre, health centre, Entrepreneurship cell, college canteen, Boys and girls' common rooms and Eco-friendly units.

1. **Gymnasium-**In tune with the objective of all-round development of the

students, the campus is equipped with in-house gymnasium. Regular exercise helps the students to improve moods and attitude.

2. **Yoga centre-** in our institution to create spiritual and holistic approach among the students and staff members. Yoga centre is established. Which is under expertise of a teacher for useful guidance. This centre helps to keep human body and mind fit and also supports to remain stress-free.
3. **Health centre-** It is one of the responsible and emergent support systems in the institution to assist in the treatment of students as early as possible. It specially concentrates on primary medical care of students on campus.
4. **Entrepreneurship cell-** The basic aim of this cell is to encourage the college students to fulfill their dreams to become entrepreneurs. This cell always takes an initiative to motivate our students by organizing several activities to inculcate skill-based approach among them. Members of the cell are also incorporated to spread the knowledge by conducting workshops and competitions.
5. **College Canteen-** Complementary to classroom educational experiences of students' canteen also plays an important role in promoting social communication and healthy eating habits.
6. **Common Room-** As an upgradation in infrastructural facility, college provides separate common rooms for boys and girls. In these areas, students can procure fruitful discussions and also get relaxed. Both the common rooms are supported by Wi-Fi facility.
7. **Girls hostel:** - In college campus, there are hostels for UG and PG girls. The UG hostel has the capacity to accommodate 82 girls and 20 girls in PG hostel. Which is provided with mess facility for catering healthy and fresh food, this is purely on a contract basis. Hostel consists of library, recreational hall, water cooler and Solar geyser for hot water.
8. **Eco-friendly Units-** Fostering eco-

friendly environment in campus of college various units are working.

- **Solar panels** are installed to **Save electric energy**, which might be considered as a unique social symbol, as solar power is free source of energy.
- In campus of college large **Water harvesting pit** is constructed to **Save Water**, which is serving to increase water table of campus.
- Green waste created in gardens of college campus are managed by preparing organic manure in **Compost pit** of botanical garden. Compost manure prepared might be playing a role to **Save soil**.
- **Plantation programs** are carried out regularly by NSS, NCC and various departments at campus of college or at Villages to **Save Environment**.
- **Cleanliness drives** are arranged regularly at various places in the city like railway station, bus stand, vegetable market, various hospitals to **Save health**.
