

STUDENTS SATISFACTORY SURVEY AND ALL STAKEHOLDERS REPORT BY FEDBACK ANALYSIS (2021-2022)

Shri Shivaji College of Arts, Commerce and Science is a **multi-faculty, multidisciplinary, renowned and one of the famous and old college in the vidarbha region** with a huge bright history. Total approximate 6000 students from different streams of Arts, Commerce, Science, Home Science are enrolled for different courses in the academic session 2021-22. The college stand milestone in developing the future of many students as it has facilities for Undergraduate, Postgraduate, M.Phil. and Ph.D. along with many certificate courses, students from different villages belongs to different districts like Washim, Yavatmal, Buldhana, Amravati and Jalgaon prefer to take admission and learn.

❖ FEDBACK COLLECTION STRATEGIES:

The college is always engaged in planning student centre activity every year for their academic upliftment, developing social responsibility and social awareness among the students. In order to achieved institutional Excellency, college take feedback from its all stakeholder like its faculty, alumina, parents and most importantly from student. As a part of these, the college yearly conducts satisfactory survey for all its stake holders and always tries to solve their problems and difficulty by means of feedback collection and acting on suggestions. This report is highlighting some of the key findings of student satisfactory survey feedback given by students for the academic year 2021-2022.

Students with graduation, post-graduation, M. Phil and Ph. D in all the four streams of Arts, Commerce, Science and Home Science and other stakeholders, like Parents, Alumni etc. registered their reply by their own mail on Google form. In All the **1998 (Students-1085, Alumni-94 and Parents-819) respondent reply through their mail for multiple choice based questioner** which include different **questions from academic, institutional and faculties' background with more emphasis on teaching – learning process.**

A) STATUS OF STUDENT SATISFACTORY SURVEY:

Various aspects have been included in student's satisfactory survey analysis with special emphasis on availability and status of basic facilities, infrastructure availability, teaching and learning strategies, students' empowerment and development of various skills for the uplift and better future developments among students. A questioner had been developed with wide and diverse range of questions which were framed to exactly pin point the strength and loop hole in academic programming.

The students satisfactory survey was divided broadly into three categories viz.,

1) Status of Teachers Role, Duties and responsibilities:

Overall survey about the teachers' role in academic, teaching and other curricular activities found excellent in most of the aspects with some area of scope for better achievements. Teacher approach to teaching and communication skilled with subject preparedness are highly appreciated by all the students. They also admit the Excellency of teachers informing about expected competencies within students with courses and program outcome. Few suggestions like increasing number of projects, more used of ICT tools, preference for regional language while teaching and explaining in classes.

Mostly (more than 90%) students assigned the task given by guardian teachers and enjoy concept learning through practical applications. They also satisfied with the strength and encouragement to uplift everyone to overcome every level of challenges. However, there are some areas of scope for faculty members to strengthen the tie with students to identify their weakness and for enhancing their learning experiences by adopting more students' centric methods, their participations in learning and problem-solving methodology. Even planning more educational Tours, Industrial visit, cultural event will minimize the barrier of communication among students and teachers and helpful for developing healthy atmosphere for teaching and learning both.

2) Status of institution Role, Duties and Responsibilities:

Students are happy, satisfied and highly inspired with institution role in various concerns. The institution promotes internship, student exchange program and field visit activity which are benefited in all the fields for the future exposure of students. More than 96% of students and other stakeholders appreciate the sincere efforts of institutions to provide multiple opportunities to learn and grow and also admit (more than 92%) facilities for cognitive, social and emotional growth.

Students are strongly agree (97%) regarding with efforts of institution concerning to keeping high quality of teaching and learning. However, institution has more scope (10%) in conducting soft skill, life skill and employment-oriented programs. It also needs to take more efforts to engage students in the monitoring review and continuous quality improvement of the teaching and learning process.

3) stake holders remarks / suggestions about all academic and facilities concerned:

Overall students found satisfied and happy with the institution role, duties, and responsibilities along with academic staffs. They fearlessly reported their responses and appreciated all the academic, curricular and extracurricular aspects. However, there are some suggestions from students which are mentioned below.

- 1) allotment of a greater number of projects.
- 2) More frequency and Regular unit test.
- 2) Give only grades for practical and internal assessment.
- 3) Thumb base attendance should be introduced.
- 4) More number of ceiling fans in class rooms
- 5) Must enhance the placement in campus.
- 6) Introduction of Research oriented teaching and learning methods

4) List of suggestions / issues resolved (from SSR 2020 – 2021):

Some instruments are old and not working properly. These equipment's should be changed.

Please increase office staff, we really face many problems while giving and taking any documents.

Extra classes should be conducted for the guidance for the PG and Ph. D programme entrance test.

❖ FUTURE SCOPE:

- Institution has more scope in conducting soft skill, life skill and employment-oriented programs.
- Planning for more industrial exposure of students
- Implements more social awareness in building program
- Work hard over every suggestion
- Planning to introduce NEP
