**Blood Group Detection Camp**

**Topic** : Blood Group Detection Camp

**Date** : 05.04.2023,2022

**Time** : 12.00 noon

**Venue** : Dept of Microbiology

**Objective** : To create awareness & acquaint the students about the Blood Group detection technique & Significance of knowing the Blood Group

Blood Group The ABO group system is important during blood donation or blood transfusion as mismatching of blood group can lead to clumping of red blood. A single blood donation can save three lives. The most important reason to know your blood type is in case of an emergency. If you are in a situation where you require a blood transfusion, you'll need compatible blood. An incompatible blood group can cause blood cells to clump—which can be fatal. So to make the student aware about Blood Group, the camp was organised by Department of Microbiology, in collaboration with IQAC, Health Department & Vidarbha Technical DMLT College, Akola

The Camp was organised for B.Sc.II & PG Microbiology students on 5<sup>th</sup> March, 2023 at 12.00 noon in UG Microbiology Laboratory. The anchoring of the programme was done by Mr. Abhishek Deshmukh M.Sc.II student. The Chairperson of the programme was Dr. S. N. Zodpe, Head, Dept of Microbiology. Similarly teaching faculties of the Dept, Dr. D. L. Barate, Dr. M. S. Thakare, Mr. R.V. Darade, Ms. G.V. Nikalje was present. Floral welcome of all invited Guest by the hands of staff members of Dept as well as team of student was welcome

by PG II Students.. Total 65 students of B.Sc. II , M.Sc.I & M.Sc.II were present for the programme. For Blood Group Detection Camp Prof. M. Borade, Vidarbha Technical DMLT College, Akola with their staff members & Students of DMLT College were present. In a group of 5, total 10 teams had actively participated in Blood Group Detection.
